

Compass Control for Coin Laundry.

Precision and simplicity.

Compass Control

- ◆ Turn the knob until the desired program is shown on the display.
- ◆ Close door, deposit coins (or slide card) and washer starts automatically.
- ◆ Easy to operate and service.

Option buttons

Heavy Soil and Extra Rinse increase store revenue and customer satisfaction.

Easy reading

Large display is easy to read - even in direct sunlight. Two languages displayed at a time. 12 language options.

One knob does it all

Ergonomic design makes program selection quick and easy.

Quick guide to Compass Control

- ◆ Standard on high-speed extraction Super (SU) washers.
- ◆ Compass replaces the Emerald Series control on all SU 140 G-force models.
- ◆ Heavy Soil and Extra Rinse options can be individually set for a higher price.
- ◆ Compass Control washers offer five standard wash cycles: Hot, Cold, Warm, Quick and Delicate.
- ◆ Easily control important functions such as water levels, wash times and number of rinses on-site.

Features and benefits

- ◆ Compass Control lets you customize your washers for greater flexibility, higher efficiency and lower operating costs.
- ◆ Create custom wash programs, including precise control of drum rotation and extraction, with Wash Program Manager software.
- ◆ Numerous programming and language options including variable pricing. Easily set higher prices for any cycle (for example hot washes, extra rinse and heavy soil) and program discount prices for slow periods of the day or week (optional hardware required).
- ◆ Large display and multi-purpose knob for program selection. Extremely easy to understand and use.
- ◆ After payment, the display counts down and the washer starts automatically.
- ◆ Built-in diagnostics and usage data allows you to track service intervals as well as revenue for each washer based on individual cycle tracking.
